COMMITTEE ON RESOLUTIONS.

Committee.—W. W. Prescott, U. Smith, G. C. Tenney, J. H. Durland, L. C. Chadwick, Allen Moon, W. H. Wakeham.

Gratitude to God.

Whereas, During the past two years, since the last meeting of this Conference, the providence of God has gone out before us in a remarkable manner, giving success to the efforts of the laborers and opening new avenues for the spread of the truth; *therefore*,—

1. *Resolved*, That we express our gratitude to the Author of all truth, and the Lord of the harvest, for the manifest tokens of his love and favor.

2. *Resolved*, That we recognize in these blessings a voice bidding us arise and press forward the work with new vigor, entering new fields, and making further conquests for the Master.

Mourning and Sympathy.

Whereas, Since the last gathering of this body, death has made serious inroads into our ranks, causing us to lament the decease of a number of our prominent members and laborers, among whom may be mentioned Elders R. F. Cottrell, and E. R. Jones, and Capt. J. M. Marsh and J. I. Tay of the "Pitcairn;" therefore, —

3. *Resolved*, That while we mourn the loss of these brethren and laborers, we bow in submission to the Providence which has removed them from us.

4. *Resolved*, That we extend to the friends immediately connected with these brethren, our sympathy in their bereavement, and that we will cherish with respect and affection their precious memory.

Appeal and Remonstrance.

Whereas, The Supreme Court of these United States, contrary to the principles upon which our government was established, and contrary to the Constitution of the same, has declared this to be a Christian nation; and,

Whereas, The Congress of the United States following in the same course that the Supreme Court has taken, has violated the Constitution, and invaded the dearest rights of the people, by legislating upon the subject of religion, deciding a religious controversy, and establishing a religious institution, in the matter of closing the World's Fair on Sunday; therefore, be it —

5. *Resolved*, That we do hereby submit to the government and people of the United States this our appeal and remonstrance: —

As Christians, we appeal on the ground of the divine right which Jesus Christ has recognized and declared — the right of every man to dissent even from the words and the religion of Christ, in the words: "If any man hear my words and believe not, I judge him not; for I came not to judge the world, but to save the world." John 12:47.

As Protestants, we appeal on the ground of the historical right to protest against every interference of civil government in the affairs of religion; the grand charter of Protestantism, the Augsburg Confession declaring, —

"The civil administration is occupied about other matters than is the gospel. The magistracy does not defend the souls, but the bodies, and bodily things, against manifest injuries, and coerces men by the sword and corporal punishment, that it may uphold civil justice and peace. Wherefore, the ecclesiastical power has its own command, to preach the gospel and administer the sacraments. Let it not by force enter into the office of another; let it not transfer worldly kingdoms; . . . let it not prescribe laws to the magistrate touching the form of the State; as Christ says, 'My kingdom is not of this world.'" — *Article XXVIII.*

As American citizens, we appeal on the ground of the specifically declared constitutional right to the free exercise of religion according to the dictates of the individual conscience, totally free and exempt from all governmental connection, interference, or control.

As men, we appeal on the ground of the natural right of mankind to render to the Creator such homage and such only as each believes to be acceptable to him; which right men possess by virtue of being men, and not by virtue of government; which was theirs before government was, and which would be theirs

though there were no earthly government at all; which is their own, in the essential meaning of the term; which is precedent to all the claims of civil society, and which would be the same to each man though there were not another person on the earth; which they do not hold by any sub-infeudation, but by direct homage and allegiance to the Owner and Lord of all.

And whether as Christians, as Protestants, as American citizens, or as men, what we mean by religion, always and everywhere, is "the duty which we owe to our Creator, AND THE MANNER OF DISCHARGING IT."

Finally, in this our appeal from this action of the government of the United States, and our remonstrance against the principle and all the consequences of the action, we adopt and adapt the words of Madison, Jefferson, the Presbyterians, the Baptists, the Quakers, and the other good people of Virginia, in their memorable defense from 1776 till 1785 against the establishment of the "Christian religion" there and the making of that "a Christian State."

We would humbly represent that the only proper objects of civil government are the happiness and protection of men in the present state of existence, the security of life, liberty, and property of the citizens; and to restrain the vicious and encourage the virtuous by wholesome laws, equally extending to every individual. But religion, or the duty which we owe to our Creator, and the manner of discharging it, can be directed only by reason and conviction, and are nowhere cognizable but at the tribunal of the universal Judge.

(1.) To illustrate and confirm these assertions, we beg leave to observe that, to judge for ourselves, and to engage in the exercise of religion agreeably to the dictates of our own consciences is an inalienable right, which, upon the principles on which the gospel was first propagated, and the Reformation carried on, can never be transferred to another. We maintain, therefore, that in matters of religion no man's right is abridged by the institution of civil society, and that religion is wholly exempt from its cognizance.

(2.) If religion be exempt from the authority of society at large, much more is it exempt from the authority of the government. The latter is but the creature and vicegerent of the former. Its jurisdiction is both derivative and limited. It is limited with regard to the co-ordinate departments of the government, and more necessarily is it limited with regard to the whole people.

The preservation of free government requires not merely that the metes and bounds which separate each department of the governmental power be invariably maintained, but more especially that neither of them be suffered to overleap the great barrier which defends the rights of the people. The rulers who are guilty of such encroachment exceed the commission from which they derive their authority, and are tyrants. The people who submit to it are governed by laws made neither by themselves nor any authority derived from them, and are slaves.

(3.) It is proper to take alarm at this experiment upon our liberties. We hold this prudent jealousy to be the first duty of citizens, and the noblest characteristic of the American Revolution. The freemen of America did not wait till usurped power had strengthened itself by exercise, and entangled itself in precedents. They saw all the consequences in the principle and avoided the consequences by denying the principle. We revere this lesson too much soon to forget it.

Who does not see that the same authority that can establish Christianity, in exclusion of all other religions, may establish with the same ease any particular sect of Christians, in exclusion of all other sects? And it is impossible for the magistrate to adjudge the right of preference among the various sects that profess the Christian faith, without erecting a claim of infallibility, which would lead us back to the Church of Rome. Who does not see that the same authority that can require assent to Christianity as the national religion, may, with the same propriety, require assent to each particular phase and feature of that relig-

ion? that the same authority that can require the observance of the "Christian Sabbath," may, by the same right, require the observance of every other "Christian" practice, custom, or institution? nay, more, that with the same propriety and the same right, the authority which may require assent to Christianity as the national religion, may require assent to any other religion which the shifting policy of government might seem to demand? For it is certain that there is no argument in favor of establishing the Christian religion which may not, with equal propriety, be pleaded for establishing the tenets of Mohammed by those who believe the Koran; or Buddhism or any other religion by those who believe in such religion.

(4.) During almost sixteen centuries has the legal establishment of "Christianity" been on trial under a number of different claims and phases. What have been its fruits?—More or less in all places pride, indolence, and insolence in the favored clergy; ignorance and servility in the assenting laity; in both, superstition, bigotry, and persecution. Inquire of the teachers of Christianity, for the ages in which it appears in its greatest power and luster, those of every sect will point to the time before its incorporation with the civil power, whether it be viewed in its first propagation by the apostles, or in its revival in the great Reformation.

(5.) On the other hand, what influence, in fact, have established religions had on civil society?—In some instances they have been seen to erect a spiritual tyranny on the ruins of civil authority; in many instances they have been seen upholding the thrones of political tyranny; in *no instance* have they been seen the guardians of the liberties of the people. A just government, instituted to secure and perpetuate public liberty, needs them not. Such a government will be best supported by protecting every citizen in the enjoyment of his religion, with the same equal hand which protects his person and property—by neither invading the equal rights of any sect or individual, nor suffering any sect to invade those of another or of any individual.

(6.) This establishment of a national religion here, is a serious departure from that generous disposition of this government, which, offering an asylum to the persecuted and oppressed of every nation and religion, has made this nation the glory of the ages and the admiration of the world. What a melancholy mark are these acts of sudden degeneracy! Instead of holding forth an asylum to the persecuted, they are themselves a signal of persecution. They degrade from the equal rank of citizens all whose opinions in religion do not bend to those of the governmental authority. Distant as these may be in their present form from the Inquisition, they differ from it only in degree. The one is the first step, the other is the last in the career of intolerance. Henceforth the magnanimous sufferer from this cruel scourge in foreign regions must view this action of our government as a beacon on our coast warning him that now there is on earth no haven where he may be secure from religious oppression and persecution.

(7.) Finally, the equal right of every citizen to the free exercise of religion according to the dictates of the individual conscience is held by the same tenure as all other rights. If we recur to its origin, it is equally the gift of nature; if we weigh its importance, it cannot be less dear to us. If we consult the National Constitution, the grand charter of those rights which pertain to the good people of the United States, it is not only enumerated with equal solemnity, but it is reserved with studied and special emphasis.

Either, then, we must say that the will of the governmental authority is the only measure of that authority, and that in the plenitude of that authority it may sweep away all our fundamental rights, or that it is bound to leave this particular right untouched and sacred. Either we must say that the governmental authorities may control the freedom of the press, may abolish the trial by jury,—nay, that they may despoil us of our very right of suffrage and erect themselves into an independent and hereditary body, or we must say that they had no

authority to make the declaration and decision, or to pass the acts under consideration.

We say that the government of the United States has no such authority, and in order that no effort may be omitted on our part against so dangerous a usurpation, we oppose to it this appeal and remonstrance.

We, therefore, as Christians, as Protestants, as American citizens, and as men, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name and by the authority of the natural rights of mankind, of the Constitution of the United States, of the history of more than eighteen hundred years, and of the Lord Jesus Christ, solemnly publish and declare that we are and of right ought to be, free and independent of all connection, direction, dictation, interference, or control, of the government of the United States, *in matters of religion or religious observance or institutions of any kind or degree*; and that, as such, as far as earthly authority is concerned, we have full right to be religious or not religious, to worship or not to worship, to observe a day or not to observe it, according to the dictates of our own consciences and the convictions of our own minds.

And for the support of this appeal, remonstrance, and declaration, and with a firm reliance on the protection of the God and Father of our Lord Jesus Christ, we mutually pledge to each other and to the world, our lives, our fortunes, and our sacred honor.

Circulation of Appeal.

6. *Resolved*, That this Appeal and Remonstrance be placed in the hands of the International Religious Liberty Association, and that it be sent out as the voice of the General Conference of Seventh-day Adventists, and circulated as widely as its merits demand.

Memorial to the Tennessee Legislature.

Whereas, There has been introduced in the Legislature of the State of Tennessee an act which distinctly names the Seventh-day Adventists, and proposes to legislate in their behalf, in the following words:—

AN ACT to Prohibit Interference with the Religious Rights or Liberties of certain Classes of Persons:

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee*, That Section 2289 of Milliken & Vertrees' compilation of the Statute laws of the State of Tennessee be and is hereby so amended as not to apply to persons known as Seventh-day Baptists, Adventists, or any other persons whose religious faith teaches them to conscientiously believe that another day than the one generally observed by the people of the State is the proper one authorized by God as a day of rest. Provided, that their usual avocations shall not interfere in any manner with the peace, quiet, or proper rights of others. And provided further, that said persons shall observe one day in each week as a day of rest, as commanded in the Scriptures.

SEC. 2. Be it further enacted, That all laws or parts of laws in conflict with this act be and are hereby repealed.

SEC. 3. Be it further enacted, That this act take effect on and after its passage, the public welfare requiring it.

Whereas, This proposed act does require that our religious faith shall teach us to conscientiously believe that another day than the one generally observed is the proper one authorized by God; and that we shall observe one day in each week as a day of rest, as commanded in the Scriptures; and,—

Whereas, Our consent to this act would be only to surrender to the State our God-given right to be religious or not religious, to observe or not to observe a day according to the dictates of our own consciences and the convictions of our own minds; and would be only to consent that the State shall take judicial and supervising cognizance of our religious beliefs and our conscientious observances; and would be only to consent that the State shall be the interpreter and expounder of the Scriptures for us; and would be to consent that there should be enforced upon others that—the observance of Sunday—which we would not have enforced upon ourselves, and would therefore be a violation of that blessed précept of our Saviour and Master: “All things whatsoever ye would that men should do to you do ye even so to them,”—in short, that it would be to consent that we and all others should be deprived of the dearest rights of mankind, therefore be it,—

7. *Resolved*, By us, the Seventh-day Adventists in General Conference assembled, for and in behalf of the Seventh-day Adventists in Tennessee, and all other places, that while appreciating the good intention of the author of this act, we beg to, and hereby do, enter our most solemn and emphatic protest against the passage of this act, or any other of similar import, by the State of Tennessee or any other State or government on earth.

8. *Resolved*, That this preamble and resolutions be printed, and that a copy be placed in the hands of each member of the Legislature and officer of the State government of the State of Tennessee. And be it further,—

9. *Resolved*, That a committee be appointed to carry this protest to the Legislature of Tennessee at its present session, to explain as fully as occasion may allow, our reasons for the position which we are compelled to take in this matter.

Exemption of Church Property from Taxation.

Whereas, In view of the separation which we believe should exist between the Church and the State, it is inconsistent for the Church to receive from the State pecuniary gifts, favors, or exemptions; therefore,—

10. *Resolved*, That we repudiate the doctrine that Church or other ecclesiastical property should be exempt from taxation; and, further,—

11. *Resolved*, That we decidedly protest against any such exemption, and favor the repeal of such legislation as grants this exemption.

Religious Liberty Institutes.

Whereas, A better understanding of the principles of religious liberty is necessary, both for adequate appreciation of their importance, and an intelligent promulgation of them; therefore,—

12. *Resolved*, That we recommend to the several Conferences the holding of workers' institutes for the study of religious liberty subjects, and that we will aid in such institutes as far as possible by furnishing instructors when so requested.

Work in Great Britain and Ireland.

Whereas, The United Kingdom of Great Britain and Ireland, on account of her unique situation, her numerous colonial possessions, and her extensive commercial influence throughout the world, presents to us a field of peculiar interest and importance; and,—

Whereas, We have reached a time when we should no longer defer entering upon the work in that field in a more vigorous and thorough manner than we have ever yet done; therefore,—

13. *Resolved*, That we recommend to the favorable consideration of the Foreign Mission Board the advisability of sending, from the ranks of our canvassers, efficient workers to go to that field as soon after this Conference closes as may be consistent.

14. That immediate steps be taken to provide the necessary buildings in the city of London that are so greatly needed for meeting purposes, and for carrying on a Bible school.

15. That we convert the *Present Truth* into a weekly paper, and push its circulation more vigorously than ever before.

Building in Hamburg, Germany.

Whereas, The providence of God is going out before us in a wonderful manner in opening up the great German and Russian mission field, containing over 200,000,000 people, of which nearly half are under German rule, and already hundreds of believers of the different nationalities have been gathered out, and yet we have no established center nor any place to educate laborers; and,—

Whereas, The free city of Hamburg presents many advantages for such a center, and its own fast increasing local interest makes the erection of a suitable building necessary; therefore,—

16. *Resolved*, That sufficient property be secured, and a suitable building for a Bible school, depository, and church meeting-hall be erected.

The Work in Australia.

17. *Resolved*, That we extend substantial assistance in providing a suitable house of worship in Melbourne, Australia.

Whereas, The establishment of a school for the training of workers in Australia, is of more than local significance and importance, on account of the proximity in which it will be to Australasia, Polynesia, Malaysia, and other divisions of the earth; therefore,—

18. *Resolved*, That we hold ourselves in readiness to assist in the establishment of such a school in that field; that we will appoint two members on the locating and building committee; and that, according to their proposition, we will contribute the sum of \$10,000 to the enterprise, providing the friends in that field will raise \$20,000.

19. *Resolved*, That we open the work in Queensland, Australia, by sending thither two laborers and supporting them for one year, with the understanding that the Australian Conference assume the charge of the work at the end of that time.

Laborers for Constantinople.

Whereas, In consideration of the important situation of Constantinople in its relation to the Eastern World,—

20. *Resolved*, That we recommend to the Foreign Mission Board, the selection of an American family of suitable experience and qualifications, to remove to Constantinople, there to labor in the establishment and furtherance of the message, as the providence of God may open the way.

S. S. Contributions to Hamburg.

21. *Resolved*, That we recommend that the Sabbath-school donations for the last six months of 1893 go to the Hamburg mission.

German Laborers to Work in German Fields.

Whereas, The German field in this country is as yet hardly touched, and whereas the calls for German labor are more than the few laborers we have can fill; therefore,—

22. *Resolved*, That the German laborers be recommended to confine their work to the German field.

23. *Resolved*, That we request the Conferences, who have Germans within their borders, to encourage labor among them as far as possible.

Opening the Work in India.

Whereas, The providence of God clearly indicates that the time has fully come for us to enter upon the work of giving the gospel to India, and that it has become our duty to do so without further delay, therefore,—

24. *Resolved*, That the Foreign Mission Board be authorized and instructed to form and execute plans for prosecuting this work on such a scale as the importance of the field would seem to demand of us.

25. *Resolved*, That the plans adopted should include the use of those facilities with which God has especially endowed us; viz., health and medical missionary work, preaching, teaching, Bible work, canvassing, translating and publishing small works in the native tongues.

26. *Resolved*, That in view of the difficulties to be met, we admonish the fearful, the ease-loving, the selfish not to offer themselves for this work, and that only those be accepted for it who intelligently and willingly consecrate themselves for life or death to arduous, humble service in the dark regions of this lost world.

Self-supporting Missionaries.

Whereas, There is an urgent call from new fields in all parts of the world for consecrated men and women to come and labor as self-supporting missionaries; therefore,—

27. *Resolved*, That we encourage suitable persons for this work to prepare to go to these fields as soon as practicable.

28. *Resolved*, That we recommend those who think of responding to this call to counsel with the District Superintendent of the General Conference District and the Conference Committee of the Conference to which they belong, before making any definite arrangements about going to these fields.

Chinese Mission School in Chicago.

Whereas, Very little has been done by this denomination in the way of mission work for the Chinese; and,—

Whereas, There is a large field open in this country for mission work among an intelligent class of these people; and,—

Whereas, The Lord in his providence has opened the way in the city of Chicago for some of our people to labor among that nationality, with the result that several are interested in the truth; therefore,—

29. *Resolved*, That steps should be taken at once for the establishment of a mission school for the Chinese in that city, and the selection of suitable persons for teachers.

Improvement of the Ministry.

Whereas, We are repeatedly admonished and exhorted by the Spirit of God in regard to the urgent necessity of elevating the standard and encouraging the improving of our ministry; therefore,—

30. *Resolved*, That the chairman of this Conference be authorized and requested to appoint a committee of five, whose duty it shall be to devise and present to this body a plan for a systematic and judicious examination of candidates for ministerial licenses and credentials.

Need of Translators.

Whereas, There is great need of capable translators who are fully acquainted with the work of the denomination in order to publish much needed literature in the various languages of the world; therefore,—

31. *Resolved*, That we select young men of good education and send them to countries where languages are spoken in which we have no literature at present, with instructions to make a specialty of mastering the languages with the view of preparing literature in such languages.

Scandinavian Periodicals.

Whereas, Our Scandinavian papers in this country so far have been published at a loss; and,—

Whereas, Something needs to be done to promote the circulation and financial prosperity of these papers; therefore,—

32. *Resolved*, That we recommend that both the Swedish papers (the *Härold* and the *Watchman*), and both the Danish papers (the *Tidende* and the *Messenger*) be united respectively into one paper with twelve pages of the form of the *Present Truth*; that the change be made at the close of the present volume; and that they be issued weekly (50 numbers a year), at a subscription price of \$1.50 per year, \$1.25 in clubs of ten or more.

Books in Danish and Swedish.

Whereas, By reference to the reports of the general Book Committee we find that of the books, which have already been recommended and passed upon to be published in the Scandinavian languages, some are as yet unpublished; therefore,—

33. *Resolved*, That we ask that the following books, which have already been recommended by both the Scandinavian Auxiliary Book Committee and the General Book Committee, be published as soon as possible in the Danish and Swedish languages: "Gospel Workers," "Steps to Christ," "Christ our Righteousness," "Tithes and Offerings," and "Providence of God."

34. *Resolved*, That we ask and urge, (1) That the book "Rise and Progress" be published in both the Danish and Swedish languages as soon as possible; (2)

That the Religious Liberty tracts we now have in the Danish language, be also published in the Swedish language.

The Holland Paper.

35. *Resolved*, That we recommend that the Holland paper, the *Bijbel Lezer*, be published semi-monthly, and that the Sabbath-school lessons for senior classes be published in it.

Finnish Publications.

36. *Resolved*, That we recommend in behalf of our brethren in Finland and our Finnish-speaking people, that such books and tracts as will best meet the immediate needs of the work in that country be translated into the Finnish language, and published in Finland.

The German Paper.

Whereas, A weekly paper is more desirable than a semi-monthly; and, —

Whereas, By changing our twenty-four page German paper, *Christlicher Hausfreund*, to an eight-page paper, of the same size as the *Signs of the Times*, would not materially increase its cost; therefore, —

37. *Resolved*, That such a change be made at the earliest date practicable.

Health Books in Holland Language.

38. *Resolved*, That we refer the request of the delegate from South Africa, for health books to be translated into the Dutch language, to the General Conference Association for favorable consideration.

Circulation of Periodicals.

39. *Resolved*, That we esteem it a privilege and a duty to push the circulation of our pioneer papers in all proper fields.

40. *Resolved*, That we recommend State and local tract societies, and individual missionary workers to give the circulation of these papers favorable and prompt consideration.

Denominational Control of Periodicals.

Whereas, Our periodicals, both in our own and the foreign languages, are strictly denominational in character; are built up, and supported by the denomination, therefore, —

41. *Resolved*, That it is the sense of this body that our denominational periodicals should be controlled by the General Conference.

42. *Resolved*, That we authorize the General Conference Association to negotiate with the Seventh-day Adventist Publishing Association and the Pacific Press Publishing Co. in regard to the purchase on a proper, equitable basis, of such periodicals as are now published by them.

Appointment of Editors.

Whereas, Our denominational papers speak for the denomination; and, —

Whereas, The General Conference is the highest authority that God has upon the earth ("Testimonies for the Church," Vol. 3, page 492), and, —

Whereas, The General Conference has already decided that our denominational periodicals should be controlled by the General Conference, therefore, —

43. *Resolved*, That it is the sense of this body that the selection of editors for our denominational papers should be made by the General Conference (the General Conference Committee to act in such matters between the sessions of the General Conference as occasion may require), and that immediate steps be taken for the carrying out of this plan.

Tract Societies and our Publishing Houses.

Whereas, Our Publishing Houses have been established for the purpose of furnishing books, tracts, and periodicals for the use of the denomination; and, —

Whereas, All profits arising from such sales are used directly for the promulgation of the third angel's message; therefore, be it, —

44. *Resolved*, That we request our tract societies to give their moral support to the publishing institutions, and also support them financially by dealing directly with our publishing houses, providing the publishing houses will furnish the books as cheap as they can be obtained elsewhere; and request that the publishing houses of the denomination make arrangements with other houses outside of the denomination for the books they do not publish, and to carry in stock such books as may be needed.

Unification of Publishing Interests.

Whereas, Our publishing interests are becoming very extensive; and, —

Whereas, We believe the greatest success of these interests will be attained by the most complete and perfect unification thereof that is possible with the varied circumstances under which the publishing institutions are situated; and, —

Whereas, There is a growing sentiment among our brethren, especially with those more intimately connected with the publishing work, to see such a unification brought about; therefore, —

45. *Resolved*, (1) That we recommend the adoption of such plans as will in due time place our entire publishing work under the direction and control of the General Conference Association; and, (2) That the application of such plans be made first to fields outside of the United States.

Publishing Under Name of International Tract Society.

Whereas, Steps have already been taken toward placing the publishing interests under the direction and control of the General Conference Association; therefore, —

46. *Resolved*, That we recommend said Association to do its publishing under the name of the International Tract Society.

Legal Organization in London.

47. *Resolved*, That we recommend the formation of a legal organization as soon as consistent, in London, England, which may hold and control property in the United Kingdom of Great Britain and Ireland.

48. *Resolved*, That the General Conference Committee be authorized to appoint the necessary trustees for a legal corporation in the British field.

Foreign Districts.

Whereas, In view of the growth and extension of the work in Europe and other parts of the world,—

49. *We recommend*, That the arrangement of General Conference Districts be extended also to those fields, and that the Australian and New Zealand Conferences be known as District No. 7, and Europe as District No. 8.

General Conference Association.

Whereas, Experience has demonstrated that it is impracticable to call the entire Board of the General Conference Association together to meet the requirements of current business; and,—

Whereas, Much business is coming up at intervals between the meetings of the board, which needs immediate attention,—

50. *Resolved*, That it is the opinion of this body that an executive committee of five should be selected from their number whose duty it should be to dispose of business which cannot be delayed for the assembling of the whole board.

51. *Resolved*, That we recommend the appointment of seven men to form a corporation controlled by the General Conference, for District No. 4.

Expense of Members Attending General Conference Board or Committee Meetings.

52. *We recommend*, That the local Conference pay the traveling expenses and time of such of their laborers as are called from their several States to attend the meeting of any committee or board appointed or elected by the General Conference.

District Conferences.

53. *We recommend*, That the presidents of the Conferences and the General Conference Districts in connection with the General Conference Committee arrange for council meetings to be held the alternate year with the General Conference, and to be known as District Conferences, at which time ministerial institutes can be held, and plans for the work in the Districts, and such other questions considered and arranged as pertain to the development and advancement of the work within the limits of the District.

Division of Tithes with General Conference.

Whereas, In the growth of our cause, institutions are located at different points, which have a tendency to make such localities centers of influence, gathering in strength from all parts of the field; and,—

Whereas, The tithe paid by those who are thus drawn together should go, in part at least, to the support of the general cause; therefore,—

54. *Resolved*, That it is the sense of this Conference that the General Conference Committee should enter into negotiations with the Conferences where these centers of the work are or may be formed, for the payment of a suitable proportion of the tithes aforesaid, into the General Conference treasury.

Transfer of Property at Mt. Vernon, O.

Whereas, The educational interests of the denomination demand enlarged facilities for the purpose of properly educating our youth, and for the training of those of more advanced years to prepare them to enter the work; therefore,—

55. *Resolved*, That we recommend that the Mt. Vernon Sanitarium be turned into an academy.

56. *Resolved*, That the General Conference Association be instructed to confer with the stockholders of the Mt. Vernon Sanitarium Company with a view to have them transfer said company's property into the hands of the General Conference Association, upon such terms as they may agree upon, to the end that the above resolution may be carried into effect as soon as may be deemed advisable.

Medical Missionary Work in Scandinavia.

60. *Resolved*, That the Foreign Mission Board be requested to give this subject immediate attention and to make the necessary arrangements by which this work can be carried forward.

Whereas, The James White Memorial Home work has assumed larger proportions than was anticipated when this enterprise was first contemplated, and promises to develop still larger proportions in the near future; and,—

Whereas, Other lines of philanthropic work are rapidly developing among us, which will require much attention and careful management; and,—

Whereas, There is at present no organization fitted to promote and manage these enterprises,—

61. *Resolved*, That the General Conference Committee, the Presidents of the several State and Foreign Conferences, all persons who have contributed \$1000 or more to the James White Memorial Home enterprise, and the following persons, A. R. Henry, J. Fargo, L. McCoy, A. O. Tait, H. Lindsay, D. A. Robinson, J. H. Morrison, C. H. Jones, U. Medical Missionary and Benevolent Association.

operate with the Seventh-day Adventist Medical Missionary and Benevolent Association in organizing this work everywhere among our people as rapidly as may be found possible and expedient.

Whereas, The importance of medical missionary work is recognized by us as an important factor in carrying forward the third angel's message and in fulfilling our duty as followers of Christ; and,—

Whereas, This work has received far too small an amount of attention in the past; and,—

Whereas, The Lord has spoken to us directly to the effect that a much larger number of persons should be preparing themselves for this work,—

63. *Resolved*, That we commend the efforts which have been made for the education of missionary physicians and nurses, and health missionaries, in the Sanitarium Medical Missionary School and in the Training School which has recently been organized at the Rural Health Retreat, and that we commend this work to qualified persons among us as one which is worthy of their earnest consideration, and that the general officers of the several Conferences should cooperate with the Seventh-day Adventist Medical Missionary and Benevolent Association in its efforts to select proper persons for training in this work.

Idaho, Idaho, so far as to send a representation of the denomination to visit the place, with proper authority to act in case a personal investigation of the situation should warrant it; it being distinctly understood,—

(1.) That neither the General Conference nor any State Conference be asked to furnish any money with which to erect the building; (2.) That no obligations be assumed to conduct a school of higher grade than a good grammar school.

Whereas, The Graysville (Tenn.) Academy which was established by Elder G. W. Colcord on his own financial responsibility, but under the advice of the General Conference Committee, has grown to such proportions as to require better accommodations to carry on its work; and,—

SPECIAL COMMITTEES APPOINTED.

ON IMPROVEMENT OF THE MINISTRY.

Committee: G. C. Tenney, W. W. Prescott, U. Smith, A. T. Jones, M. C. Wilcox.

Your Committee to whom was assigned the duty of devising and reporting a plan for promoting the intellectual and spiritual improvement of our ministry, and the elevation of the standard thereof in our various Conferences, would respectfully submit the following:—

In regard to adopting a plan for this work your Committee is unanimously of the opinion that it would not be the part of wisdom to outline any formal or technical scheme of study or examination to be applied indiscriminately to all candidates for the ministry.

We earnestly call the attention of Conference officers and Committees on Credentials and Licenses to the urgent need of exercising great care in the matter of licensing young or inexperienced persons to enter the work of the ministry. In addition to what their observations have taught them of this necessity, we especially refer them to what the Testimonies of God's Spirit have repeatedly said upon this point. Therefore, in harmony with these suggestions, be it,—

1. *Resolved*, That it is the sense of this Conference that the work devolving on the Conference Committees on Credentials and Licenses requires to be done in a much more careful and painstaking manner than has hitherto generally characterized it. And that in the appointment of these committees, men of discretion and deep spiritual experience should be selected.

2. *Resolved*, That in the cases of young or inexperienced persons who are candidates for ministerial licenses, they be required to give satisfactory evidence on the following points:—

- (1.) Their Christian experience and personal knowledge of Christ.
- (2.) Their evidence of the call of God to the work before them.
- (3.) Their knowledge of and harmony with our message in all its parts.
- (4.) Their educational acquirements, and the advantages they have had for fitting themselves for the work of proclaiming the gospel message.
- (5.) Their prospective relations to the work in devoting their time exclusively or in part to it.
- (6.) Their conception of what constitutes successful ministerial work.

3. *Resolved*, That if the evidence on these points or any part of them be unsatisfactory it shall be the duty of the Committee to withhold the license applied for until the defect be rectified. And in cases where there is a deficiency shown upon any point, admonition and advice be kindly and faithfully administered that the weak points may be strengthened by cultivation and prayer.

4. *Resolved*, That in application for the renewal of licenses evidence be required on the following points:—

- (1.) The proportion of time that has been devoted to the work in the preceding year, and the probabilities for the future.
- (2.) Character and results of past year's work.
- (3.) Satisfactory growth and development in spiritual and intellectual attainments.

5. *Resolved*, That candidates for ordination and first credentials be required to furnish to the committee satisfactory evidence on,—

(1.) Their standing upon various points of present truth, especially in regard to spiritual gifts, tithing, health reform, or any other distinctive feature of our faith or of our work.

(2.) Proof of their ministry.

(3.) Their own convictions of the call of God upon them to the sacred work of the ministry.

ON TAXATION OF ORPHANAGES, ETC.

Whereas, This Conference has clearly stated its position on the taxation of Church and other ecclesiastical property; and,—

Whereas, There are certain institutions incorporated under the laws of the State which occupy confessedly disputed grounds; therefore,—

Resolved, That matters in which the taxation of such institutions as do occupy this disputed territory is involved — orphanages, homes for aged persons, hospitals, etc.— we leave to the action of the legislature, without any protest against their taxation, or any request for exemption.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON PLANS FOR WORK.

Whereas, The plan for furnishing the *Sabbath-school Worker* to the State Associations that would agree to take a sufficient number to supply all officers and teachers in the State with a copy, has given general satisfaction, where adopted; therefore,—

1. *We recommend*, All the associations to adopt and continue the plan devised by the International Association.

2. *We recommend*, That all divisions of our Sabbath-schools study the same subjects at the same time; and to this end,—

3. *We further recommend*, That as soon as possible a series of lessons be provided for the intermediate and primary divisions adapted to their needs from the lessons that may be prepared for the senior division.

Whereas, It is desirable that our youth and children be supplied with good books, and with good books only; and,—

Whereas, Many parents have not opportunity to make suitable selections for their children; therefore,—

4. We recommend,—

(1.) That the Executive Committee of this Association make arrangements with one of our publishing houses to keep in stock a line of carefully selected children's and youth's books for the purpose of supplying our people with good literature to place in the hands of their children.

(2.) That no book shall be placed upon this list or recommended to our people until it shall have been approved by the Executive Committee, either upon their own careful reading or the written report of some competent person appointed by said Committee to assist them in the critical examination of said books.

(3.) That these books be furnished at a cost not to exceed the regular retail price of the publishers.

Whereas, Many of our Sabbath-school workers believe the present term of office of the Sabbath-school officers too short to serve the best interests of the Sabbath-school; therefore,—

(5.) *We recommend*, That the term of office in our Sabbath-schools be six months instead of three months as heretofore.

(6.) *We recommend*, That the selection of field secretaries be left to the Executive Committee of the Sabbath-school Association.

COMMITTEE ON AUDITING.

Your committee appointed to audit the books of the International Sabbath-school Association for two years from Jan. 1, 1891 to Dec. 31, 1892, beg to report as follows:—

For the quarter ending Sept. 30, 1892, one association of thirteen schools and various schools in other associations failed to report. The combined membership

of these schools when last heard from was 1648. This would made the total membership of all the schools of our associations 36,871.

Since the last meeting of the International Association three new State associations have been organized: German and Russian, Montana, and Oklahoma and Indian Territory.

As showing the increase in the work since the last general meeting, a comparative statement of the last three years may be of interest:—

SIXTEENTH ANNUAL SESSION.

THE sixteenth session of the International Tract Society convened in Battle Creek, Mich., Feb. 17, 1893 at 3 p. m. One hundred and fifty-six delegates were present, representing the work in twenty-eight States, and in Australia, Great Britain, Germany, Norway, and South Africa. During the session, two meetings were held.

COMMITTEES APPOINTED.

- ON NOMINATIONS.— A. J. Breed, R. M. Kilgore, H. E. Robinson.
ON RESOLUTIONS.— D. A. Robinson, G. C. Tenney, C. H. Jones.
ON NEW BOOKS.— F. L. Mead, E. J. Hibbard, W. B. White, J. H. Durland, L. Johnson, L. R. Conradi, P. J. D. Wessels.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON RESOLUTIONS.

1. *Resolved*, That Art. 4, Sec. 1 of the Constitution be amended by striking out the words "recording" wherever it occurs, also the clause "two or more corresponding secretaries."

2. *Resolved*, That Art. 4, Sec. 2 be amended by adding the words "and corresponding secretaries" after the word "agents."

Whereas, The General Conference Association is taking up the work of publishing, which it will probably do under the name of the International Tract Society; therefore,—

3. *Resolved*, That this Society prosecute its work more vigorously than ever before by securing the translation of such literature as it can best use, and pushing the same into all fields where it operates.

COMMITTEE ON NEW BOOKS.

1. *We recommend*, That the books entitled "Native Life in India," "Life on the Kongo," "John of Wycliffe," and "Martin Luther," be added to our Young People's Library, and that our youth throughout the world be encouraged to procure and read them.

Since the pamphlet entitled "Angels, Their Nature and Ministration" has been greatly improved through the revision by Eld. J. H. Waggoner; therefore,—

2. *We recommend* it as a valuable aid in the study of this important subject.

3. *We recommend* the pamphlet, "The Union of Church and State in the United States," by Elder A. T. Jones, as a valuable publication for general circulation throughout this country; and we would urge all your tract societies to extend its circulation as rapidly as possible.

As valuable auxiliaries to the last named, to be selected from according to the discretion of those engaged in the Religious Liberty work, or regular missionary work,—

4. *We recommend* the following: "Congress and Sunday Legislation," "Results of Church and State Union," "Not a Christian Nation," "Religious Toleration vs. Religious Rights," "Should Sabbath Observance be Enforced by Law?" "The Importance of Maintaining Our Principles," "Jesus, the Church, and the World's Fair," "The Sunday Law Movement," "A Union Between Protestants and Catholics," "God and Cæsar," "From Sabbath to Sunday," "The Sabbath Question from an Outside Standpoint," "Captivity of the Republic," "Church and State," by Ringgold, "Sunday Laws," by Ringgold, "Appeal and Remonstrance," and "Due Process of Law."

5. *We recommend* the pamphlet, "Christian Science," No. 93 B. S. L., by H. A. St. John, as a fair and candid treatise upon that subject; and that our tract societies keep it in their regular stock and encourage its circulation among all who are interested upon that subject.

6. *We recommend* the book, "The Gospel in Creation," by E. J. Waggoner, as a reliable work for this time; and would ask that an edition be published in this country, to be used for general circulation, as a trade book.

7. *We recommend*, To be kept in stock by all tract societies, for general use, the following pamphlets and tracts: "Prediction, Interpretation, Fulfillment," "Sunday, The Origin of Its Observance in the Christian Church," "The Sun of Righteousness," "Baptism, Its Significance," "The Talents," "Should Church Property be Taxed?" "Will the World be Converted?" "Seducing Spirits," "A Foundation Stone of the Temporal Millennium," "The Doctrine of the Trinity," "Peter's Denial of Christ," "Justification, Regeneration, Sanctification," "Two-fold Evidence of Acceptance with God," "God's Messagè for To-day," "We Declare and We Demand."

8. *We recommend*, For general circulation in Great Britain, and outside of that as far as practicable, the following: "Baptism Its Significance," "The Coming of the Lord," "The Immortality of the Soul," "The Power of Forgiveness," "Bible Quotations and Answers Concerning Man," and "The Sufferings of Christ."

Resolved, That we recommend the revised edition of "The Story of the Pitcairn" for a wide circulation among the members of the denomination. We would also recommend that it be circulated among those not of our faith, for the purpose of creating an interest in the work we are doing in the islands of the sea.

REPORTS OF COMMITTEES AS ADOPTED.

COMMITTEE ON RESOLUTIONS.

Whereas, The period of the expiration of the charter, and the reorganization of a publishing association like the Seventh-day Adventist Publishing Association, having so many share-holders so widely scattered over the country, is a critical period in its history; therefore,—

1. *Resolved*, That we hereby express our gratitude that this change has been effected in organization with so little trouble and perplexity, and that it starts out upon its new term of existence with so encouraging a degree of prosperity.

Whereas, The *Review and Herald* is designed to be the organ of this denomination, and should therefore be in the hands of all believers; therefore,—

2. *Resolved*, That we hereby request missionary workers and other laborers to interest themselves to see that all new converts to the faith become subscribers to this paper.

Whereas, One great object of the *Review* is that all the workers in the cause may come in touch with each other, and that all may know what is going on in all other parts of the field; therefore,—

3. *Resolved*, That all our ministers and other laborers be, and hereby are, invited to give brief and frequent reports of their labors through the *Review*, the managers engaging to give them as prompt an insertion in the paper as practicable.

Whereas, During the Camp-meeting season, the reports of meetings and Conferences are so numerous that all cannot appear as promptly as would be desirable; therefore,—

4. *Resolved*, That we request the managers of the *Review and Herald* to issue, as in their judgment may be necessary, a mid-week supplement, during that season, that all reports may appear as nearly up to date as possible.

Whereas, The Publishing Office has taken much pains to make the *Youth's Instructor* second to no other youth's paper in the land, both as to its matter, and illustrations; and,—

Whereas, It meets with unqualified approbation wherever presented, and should have a circulation sufficient at least to meet the expenses of the same; therefore,—

5. *Resolved*, That we request our people everywhere to interest themselves to secure a wider circulation for this paper.

6. *Resolved*, That we favor the proposition of the General Conference concerning the purchase of the periodicals now published by this Association, and we would favor an act of the directors in making a sale of the same on such terms as in their judgment may be deemed just and right.

COMMITTEE ON NOMINATIONS.

The Committee on Resolutions presented the following, which was unanimously adopted as a whole, except No. 11, which was referred to the Tract Society for action thereon.

Whereas, Through the blessing of God, prosperity has attended the Pacific Press Publishing Company during the past year both at home and in the branch offices in New York and London; therefore,—

1. *Resolved*, That we recognize in this the blessing of a divine Providence, and accept with gratitude the favors so graciously extended to us, and pray for a continuance of the same.

Whereas, During the past year death has overtaken three of the pioneer stockholders of this corporation; therefore,—

2. *Resolved*, That in the death of Sister Jane Rowland, Brother John I. Tay, and Brother John Morrison, this corporation has lost faithful supporters, whose means were always ready for use in the work, and whose influence was ever exerted in behalf of the institution, in adversity as well as in prosperity.

3. *Resolved*, That in expressing our sorrow for the decease of these well-trying servants, we are reminded of the uncertainty of this life, and the importance of improving every opportunity to place our means and our lives at the service of the Master.

Whereas, The primary object of this corporation was the publication of the *Signs of the Times*, and other literature on present truth; therefore,—

4. *Resolved*, That we still deem this feature of our work of primary importance, and that no effectual effort should be spared to make the paper a first-class representative of our faith, and to give it a wide circulation.

5. *Resolved*, That we approve of the change that has been made in the *Signs of the Times* in increasing it from an eight-page to a sixteen-page paper, and also of the action of the board in allowing the editorial management to pass under the supervision of the General Conference on the terms proposed by the General Conference Committee.

Whereas, The Executive Board of the International Tract and Missionary Society has instructed its managers to devote a part of the efforts of the society to increasing the circulation of our denominational periodicals; therefore,—

6. *Resolved*, That we will extend to the managers of the society our support and co-operation in the prosecution of such plans as may be adopted for increasing the circulation of the *Signs of the Times*, *American Sentinel*, and other periodicals published by this Association.

Whereas, The experiment of establishing a branch office in London for the purpose of more successfully reaching the people of Great Britain and her colonies with the special truth for this time, has proved a success even beyond our expectations, and has demonstrated that the movement was a wise and timely one; and,—

Whereas, The London office is still in need of funds to provide for supplying the large territory contingent upon it with books and other publications necessary to its work; therefore,—

7. *Resolved*, That it is the sense of this meeting that funds should be raised at once to enable the London Branch to do the work for the spread of the truth which Providence has laid out before it.

8. *Resolved*, That we recommend the continuation of the *Bible Students' Library* as an efficient as well as cheap and convenient means of bringing the third angel's message before the world.

Whereas, The development of the spirit of religious persecution in this country demands that the public should be thoroughly informed on the subject of religious liberty; therefore,—

9. *Resolved*, That we deem the issuance of the *American Sentinel* and the *Sentinel Library* tracts of increasing importance, and urge upon all the necessity of a more extensive circulation of these publications.

Whereas, Only about \$30,000 of the \$60,000 asked for at our last meeting has been raised; therefore,—

10. *Resolved*, That while we greatly appreciate the help which our brethren have given us in the past, we still request that they assist us in one of the three following ways, to raise the balance of the funds asked for last year; these ways preferable according to order:—

- (1.) By taking stock in the Association.
- (2.) By making deposits in the office without interest.
- (3.) By making deposits at a low rate of interest.

Whereas, It is essential that our little ones be supplied with Scripture lessons and other instructive reading matter; therefore,—

11. *Resolved*, That we recommend the general circulation and use of *Our Little Friend*, as especially adapted to Sabbath-school work and the entertainment and instruction of children at home.

Whereas, The way has not yet opened for establishing a depository in District No 5; therefore,—

12. *Resolved*, That we refer the matter of opening a depository in District No-5 to the board of directors, with power and with instructions to act as soon as the way may open to do so.

COMMITTEE ON RESOLUTIONS.

Being now called to review the working of Battle Creek College for the year past, we note with profound gratitude the prospering hand of God in its various departments, and recognize in it his voice bidding us follow in the avenues of success which are thus opened to us; therefore be it,—

1. *Resolved*, That we here renew our pledge of loyalty to him, and promise of support to this branch of his work, that this important factor in the extension of special truth for this time may be properly sustained, and its usefulness greatly enlarged.

In view of the fact that the present capacity of the college building has been reached, and that even now, outside rooms must be used for class work, thereby forbidding the extension of the good which the school might and ought to do as the message of truth advances; therefore,—

2. *Resolved*, That immediate steps be taken to enlarge its capacity enough to make provisions for the rapidly increasing demands upon it, provided the outlay does not exceed the sum of \$15,000.

GENERAL INFORMATION.

POSTAL GUIDE.

ALL mailable matter for transmission by the United States mails within the United States, is divided into four classes, under the following regulations:—

FIRST-CLASS MATTER.

This class includes letters, postal cards, and anything sealed or otherwise closed against inspection, or anything containing writing not allowed as an accompaniment to printed third-class matter.

SECOND-CLASS MATTER.

This class includes all newspapers, periodicals, or matter exclusively in print and regularly issued at stated intervals as frequently as four times a year, from a known office of publication or news agency, to actual subscribers or news agents, and transient newspapers and publications of this character mailed by persons other than publishers. Such publications must bear date of issue, and be numbered consecutively, be formed of printed paper sheets without board, cloth, leather, or other substantial binding; must be published for dissemination of information of public character, or devoted to literature, art, or a special industry, and have a legitimate list of subscribers.

THIRD-CLASS MATTER.

Mail matter of the third class includes printed books, pamphlets, engravings, circulars in print or by the hectograph, electric pen, or similar process, and other matter wholly in print, proof-sheets, corrected proof-sheets, and manuscript copy accompanying the same.

Manuscript, unaccompanied by proof-sheets, must pay letter rates.

Printed matter is defined by statute to be a reproduction upon paper by any process except that of handwriting of any words, letter, character, figures, or images, or any combination thereof, not having the character of actual personal correspondence.

A circular is defined as a printed letter which, according to internal evidence, is being sent in identical terms to several persons, and does not lose its characteristics as such by writing therein the date and name of address or of sender, or the correction of mere typographical errors. Section 364, paragraph 2, Pl. & R., edition 1887, is amended so as to read: "Matter prepared by the type-writer is inadmissible as third-class matter, and must be regarded as personal correspondence. Circulars and other matter printed in imitation of type-writing may, however, be admitted as third-class matter, when they are not in the nature of personal correspondence."

The limit of weight is four pounds, except single books in separate packages, on which the weight is not limited.

The name and address of the sender, preceded by the word "from," may be written upon the package, and a simple manuscript dedication may appear in a book or upon the article inclosed.

FOURTH-CLASS MATTER.

Fourth-class matter is all mailable matter not included in the three preceding classes, which is so prepared for mailing as to be easily withdrawn from the wrapper and examined. It embraces merchandise and samples of every description, and coin or specie.

Articles of this class that are liable to injure or deface the mails, such as glass, sugar, needles, nails, pens, etc., must be first wrapped in a bag, box, or open envelope, and then secured in another outside tube or box, made of metal or hard wood, without sharp corners or edges, and having a sliding clasp or screw lid, thus securing the articles in a double package. The public should bear in mind that the first object of the department is to transport the mails safely, and every other interest is made subordinate.

Such articles as poisons, explosives, or inflammable articles, live animals, insects, or substances exhaling a bad odor, will not be forwarded in any case.

The regulations respecting the mailing of liquids are as follows: Liquids, not ardent, vinous, spirituous, or malt, and not liable to explosion, spontaneous combustion, or ignition by shock or jar, and not inflammable (such as kerosene, naphtha, or turpentine), may be admitted to the mails for transportation within the United States. When contained in glass bottles or vials, such bottles or vials must be strong enough to stand the shock of handling in the mails, and must be inclosed in a wooden or *papier-mache* block or tube not less than three sixteenths of an inch thick in the thinnest part, strong enough to support the weight of mails piled in bags, and to resist rough handling; and there must be provided, between the bottle and its wooden case, a cushion of cork-crums, cotton, felt, asbestos, or some other absorbent, sufficient to protect the glass from shock in handling, the block or tube to be closed by a tightly-fitting screw lid of wood or metal, with a rubber or other pad so adjusted as to make the block or tube water-tight, and to prevent the leakage of the contents, in case of breaking of the glass. When inclosed in a tin cylinder, metal case, or tube, such cylinder, case, or tube should have a screw lid with a rubber or cork cushion inside in order to make the same water-tight, and should be securely fastened in a wooden or *papier-mache* block (open only at one end), and not less in thickness and strength than above prescribed. It would be well always to consult the postmaster in reference to the proposed mailing of liquids. The limit of admissible liquids and oils is four ounces, liquid measure.

LIMITATION OF WEIGHT OF PACKAGES.

No package weighing more than four pounds shall be received for forwarding by mail, except single books weighing in excess of that amount, books and documents published by order of Congress, official matter from departments of Government, or from the Smithsonian Institute.

Second-class matter mailed in packages at the pound rate is not subject to the four pounds limitation.

DOMESTIC RATES OF POSTAGE.

ON FIRST-CLASS MATTER.

Rates of letter postage to any part of the United States, **two cents per ounce or fraction thereof.**

Rates on local or drop letters at free-delivery offices, two cents per ounce or fraction thereof. At offices where there is no free delivery by carriers, one cent per ounce or fraction thereof.

Rates on postal cards, one cent. Nothing must be added or attached to a postal card, except that a printed address slip may be pasted on the address side. The addition of anything else subjects the card to letter postage. A card containing any offensive dun, or any scurrilous or indecent communication, will not be forwarded. Nothing but the address must be placed on the face, or stamped side.

Rates on specially delivered letters, ten cents on each letter in *addition* to the regular postage. This entitles the letter to immediate delivery by special messenger. Special delivery stamps are sold at post-offices, and must be affixed to such letters. An ordinary ten-cent stamp affixed to a letter will *not* entitle it to special delivery.

Prepayment by stamps invariably required. Postage on all letters should be *fully* prepaid, but if prepaid one full rate and no more, they will be forwarded, and the amount of deficient postage collected on delivery; if wholly unpaid, or prepaid with less than one full rate, and deposited at a post-office, the addressee will be notified to remit postage, and if he fails to do so, the letter will be sent to the Dead Letter Office. Such letters will, however, be returned to the sender if he is located at the place of mailing, and if his address is printed or written upon it.

Letter rates are charged on all productions by the typewriter or manifold process.

Letters (but no other class of mail matter) will be returned to the sender free, if a request to that effect is printed or written on the envelope. There is no limit of weight for first-class matter.

Prepaid letters will be re-forwarded from one post-office to another, upon the written request of the person addressed, without additional charge for postage. The direction on forwarded letters may be changed as many times as may be necessary to reach the person addressed.

ON SECOND-CLASS MATTER.

Rates of postage to publishers and news agents, **one cent a pound or fractional part thereof**, prepaid by special stamps. Publications designed primarily for advertising or free circulation, or not having a legitimate list of subscribers, are excluded from the pound rate, and pay third-class rates.

Publications sent to actual subscribers in the county where published, are free, unless mailed for local delivery at a letter-carrier office.

Rates of postage on transient newspapers, magazines, or periodicals, when sent by others than publishers or news agents, **one cent for each four ounces or fraction thereof**. It should be observed that the rate is one cent for each four ounces, not one cent for each paper. These rates do not apply for transient publications mailed for local delivery by carriers at a free-delivery office.

Sample copies (which must be exactly like regular edition) may be sent by publishers from the office of publication, at the pound rate, to persons not subscribers, for the purpose of inducing them to subscribe, or advertise, or become agents thereof. They are not entitled to free circulation in the county where issued, and must be mailed separately from editions that are. They must not be inclosed in the same package with copies intended for subscribers. They cannot be mailed by news agents at the pound rate.

News agents and newsboys are persons engaged in the business of selling second-class publications. A mere local or traveling agent for a publication is not a news agent. The news agent must file with the postmaster at his office of mailing, a statement showing the names of the periodicals which he mails, the post-office to which they are directed, the number of subscribers to each on his list, with dates to which their regular subscriptions extend.

Supplements and extra editions may, without extra postage, be folded within the regular issues of second-class publications; but they must in every case be issued with the publication, and contain matter omitted from the regular issue for want of space, time, or greater convenience. If mailed separately, they must be prepaid as third-class matter.

A mark, without words, may be used to call attention to a word or passage; or a typographical error may be corrected. The words *marked copy* may then be written on the publication.

ON THIRD-CLASS MATTER.

The rate on matter of this class is **one cent for each two ounces or fraction thereof**.

Third-class matter must admit of easy inspection, otherwise it will be charged letter rates on delivery. It must be fully prepaid, or it will not be forwarded. Its wrapper must bear no writing or printing except the name and address of the sender, and a return request.

ON FOURTH-CLASS MATTER.

Rate of postage, **one cent for each ounce or fraction thereof** (except seeds, roots, bulbs, cuttings, scions, and plants, the rate on which is *one cent for each two ounces or fraction thereof*). This matter must be fully prepaid, or it will not be forwarded.

The name and address of the sender, preceded by the word *from*, also the names and number (quantity) of the articles inclosed, may be written on the wrapper of fourth-class matter without additional postage. A request to the delivering postmaster may also be written, asking him to return the package if not delivered.

REGISTRATION.

All kinds of postal matter, *except second-class matter*, can be registered at the rate of *ten cents for each package* in addition to the regular rates of postage, to be fully prepaid by stamps. Each package must bear the name and address of the sender, and a receipt will be returned from the person to whom addressed.

The Post-Office Department or its revenue is not by law liable for the loss of any registered mail matter.

MONEY-ORDERS.

Domestic money-orders are issued by money-order post-offices for any amount up to \$100, at the following rates:—

For sums not exceeding \$5, five cents; for \$5 to \$10, eight cents; for \$10 to \$15, ten cents; for \$15 to \$30, fifteen cents; for \$30 to \$40, twenty cents; for \$40 to \$50, twenty-five cents; for \$50 to \$60, thirty cents; for \$60 to \$70, thirty-five cents; for \$70 to \$80, forty cents; for \$80 to \$100, forty-five cents.

When more than \$100 is required, additional orders must be obtained, but not more than three orders will be issued in one day to the same payee, payable at the same office.

POSTAL NOTES.

These will be issued for sums less than \$5, for a fee of three cents, and are payable to any person presenting them, either at the office designated on the note, or at the office of issue within three months of date of issue.

No duplicate can be secured in case of loss, as the note is made payable to bearer.

LETTER-SHEET ENVELOPES.

The Post-Office Department now issues a combined letter sheet and envelope of the denomination of two cents. The prices are as follows: one, three cents; two, five cents; five, twelve cents; ten, twenty-three cents; one hundred, \$2.30; one thousand, \$23.

STAMPED ENVELOPES.

Embossed, stamped envelopes and newspaper wrappers of several denominations, sizes, and colors are kept on sale at post-offices, singly or in quantities, at a small advance on the postage rate.

FREE DELIVERY.

The free delivery of mail matter at the residences of the people desiring it, is required by law in every city of 50,000 or more population, and may be established at every place containing not less than 20,000 inhabitants.

Postmasters are required to send free to the Librarian of Congress any book, map, chart, dramatic or musical composition, engraving, cut, print, or photograph, or negative thereof, or of a painting, drawing, chromo, statue, which the author, inventor, designer, or proprietor, or assignee deposits for mailing to such address.

All communications to Government officers, and to or from Members of Congress, are required to be prepaid by stamps.

GENERAL SUGGESTIONS TO THE PUBLIC.

(From the United States Official Postal Guide.)

Mail all letters, etc., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the post-office is much diminished if letters, when mailed in large numbers, are tied in bundles, with the addresses all in one direction.

Make the address legible and complete, giving the name of the post-office, county, and State. The name of the street and number of the house should also be given on letters addressed to cities where letter-carriers are employed; while the letter will eventually reach its destination without a number, the omission is often a cause of hesitation and delay. In the case of letters for places in foreign countries, and especially in Canada, in which country there are many post-offices having the same name as post-offices in the United States and in England, the name of the country as well as the post-office should be given in full. Letters addressed, for instance, merely to "London," without adding "England," are frequently sent to London, Canada, and *vice versa*, thereby causing delay, and often serious loss. Letters addressed to Burlington, N. S. (Nova Scotia), often go to Burlington, New York, on account of the resemblance between S and Y when carelessly written. It would be better to write out names of States in full.

Avoid, as much as possible, using envelopes made of thin paper, especially where more than one sheet of paper, or any other article than paper, is inclosed. Being often handled, and even in the mail-bags subject to pressure, such envelopes not infrequently split open, giving cause of complaint against officials who are entirely innocent in the matter.

Never send money or any other article of value through the mail, except by means of a money-order, or in a registered letter. Any person who sends money or jewelry in an unregistered letter not only runs the risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter-carrier to ruin.

See that every letter contains the full name and post-office address of the writer, with county and State, in order to secure the return of the letter, if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always fully and plainly written or printed inside or on the envelopes. Persons who have large correspondence find it most convenient to use "special request envelopes;" but those who mail only an occasional letter, can avoid much trouble by writing a request to "return if not delivered," etc., on the envelope.

When dropping a letter, newspaper, etc., into a street mailing box or the receptacle at a post-office, always see that the packet falls into the box, and does not stick in its passage; observe, also, particularly, whether the postage stamps remain securely in their places.

Postage stamps should be placed on the upper right-hand corner of the address side of all mail matter.

Postmasters are not obliged to accept in payment for postage stamps or stamped envelopes, wrappers, etc., any currency which may be so mutilated as to be uncurrent, or the genuineness of which cannot be clearly ascertained. They are not obliged to receive more than twenty-five cents in copper or nickle coins. They are not obliged to affix stamps to letters, nor are they obliged to make change, except as a matter of courtesy. They must not give credit for postage.

Letters cannot be carried out of the mail except in postage-stamped envelopes. Even if a person is not acting as a common carrier, there is no objection to his carrying a sealed letter, whether in a stamped envelope or not; but to continue the practice, or receive money for so doing, would subject the party to a penalty of one hundred and fifty dollars. Newspapers, magazines, and periodicals may be carried out of the mail for sale or distribution to subscribers, but if they are put into a post-office for delivery, the postage must be paid thereon.

It is forbidden by the regulations of the Post-Office Department for postmasters to give to any person information concerning the mail matter of another, or to disclose the name of a box-holder at a post-office.

Mail matter deposited in any receptacle erected by the Post-Office Department, such as street mailing-boxes for the reception of mail matter to be collected by letter-carriers, or boxes in railroad depots for the reception of matter to be collected by employees of the railway mail service, cannot be reclaimed by any one under any circumstances. If letters intended for city delivery are deposited in boxes in railroad depots, it is at the risk of the person doing so. Such mail cannot be reclaimed, except through the Dead Letter Office.

Letters addressed to persons temporarily sojourning in a city where the Free Delivery System is in operation, should be marked "Transient" or "General Delivery," if not addressed to a street and number, or some other designated place of delivery.

All matter concerning lotteries, gift concerts, or schemes devised to defraud the public, or for the purpose of obtaining money under false pretenses, is denied transmission in the United States mails.

A subscriber to a newspaper or periodical who changes his residence or post-office, should at once notify the publisher, and have the publication sent to his new address.
